■ BABOUNE

# luciole

The Baboune collection is made up of different modular elements allowing you to create assemblies in multiple configurations. There are luminous linear elements offering diffused and accentuating light according to the application. The Baboune collection is available in many pre-configured assemblies of individual fixtures and in a modular linear system allowing you to create customized assemblies.

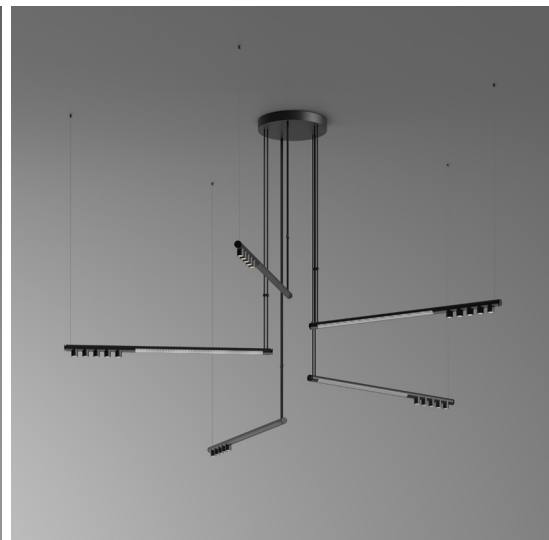

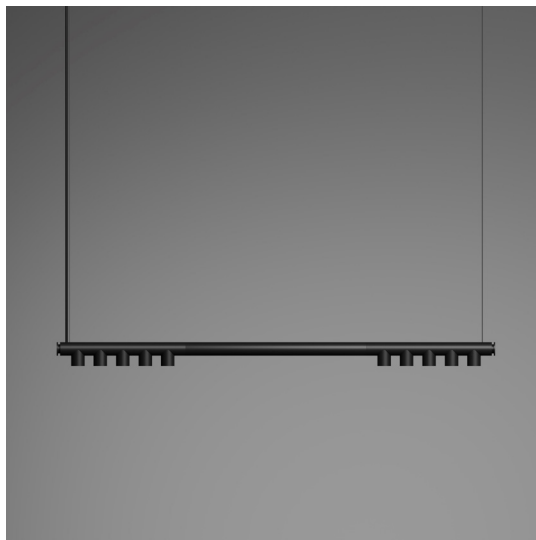

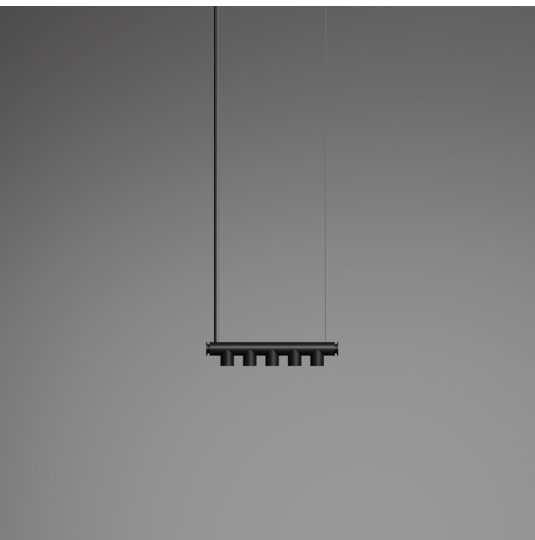

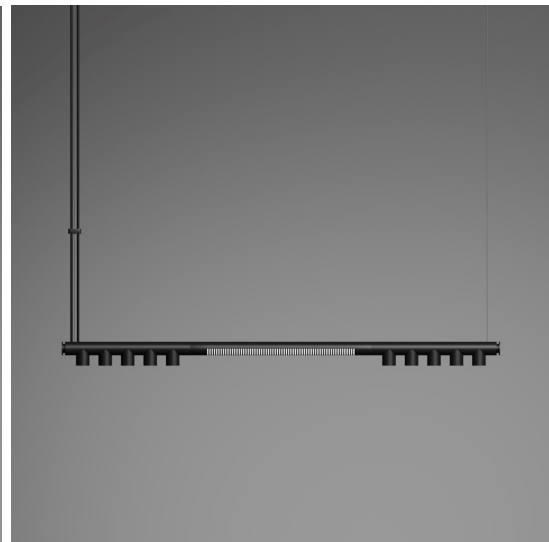

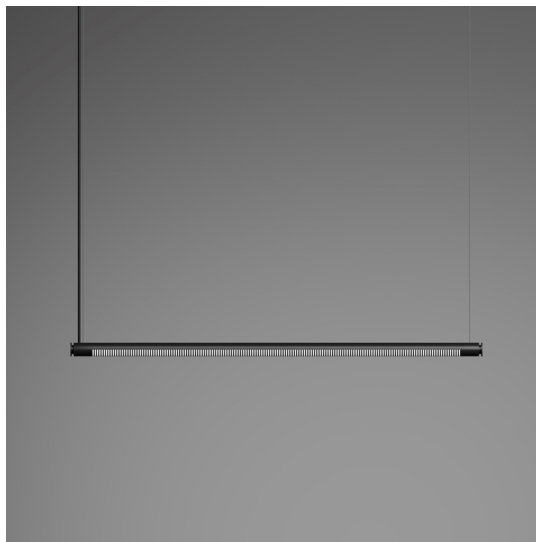

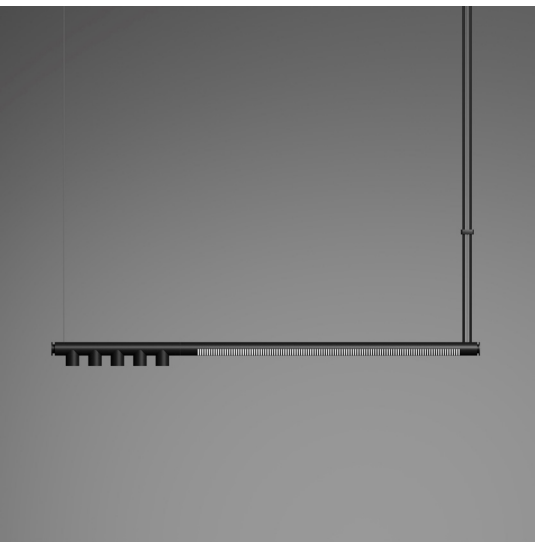

La collection Baboune est constituée de plusieurs éléments modulaires permettant de créer des assemblages en de multiples configurations. On y retrouve des éléments linéaires lumineux offrant une lumière diffuse et ou d'accentuation selon l'application. La collection Baboune est disponible en plusieurs assemblages préconfigurés d'appareils individuels et en système linéaire modulaire permettant de créer des assemblage sur-mesure.
